America's spiritual heritage is on the brink of cultural disaster. The greatest tragedy is while the naturalist and liberalist seek to destroy the Christian faith they destroy their own freedom and their own soul by the weight of disbelief and hate. Christianity can never be annihilated because it's Savior has risen from the dead. If one says that God is dead, then, I say - prove it, just as you ask the Christian to prove that God exists.

In the Courtroom of God the liberalist and naturalists will be found guilty of treason – the treason of their own double-cross of disbelief. A double standard does not a single mind make valid – it only makes hypocrisy. Liberalism is beautifully wrapped in contradiction by its own standards of double truth. Untruth is not truth because it has many faces - it is untruth with many contradictions. Truth, to the naturalist must suit their purpose else it is not truth and must be disposed. Christian truth is too absolute, therefore it must be abolished. To do this, dispose of God then dispose of the Christian. This mentality destroys freedom and will usher America and the world into slavery. Mankind without God can only self-destruct. The mentality that: “your rights are fine provided they agree with my rights,” is freedom without choice. Freedom without choice is slavery and fatalistic at best.

Meaning and interpretation of truth are not just matters of opinion. The standards by which the “left” judge the Bible, are not based on truth, but perception, meaning: we can make the Bible mean what we want it to mean. If we give truth whatever interpretation we want then truth holds no truth. Meaning does not give power it interprets power. The retreat from truth is the advance of tyranny. Truth must be objective. Truth is not about power, it is about God, more specifically Jesus Christ. The left hand of liberalism builds its philosophy on sand. The right hand of truth is built on Christ. Any attempt to destroy truth is simply the denial of Christ.

If you are American and Christian you had better take your stand on the Word of God and fight for Truth. Fight for your Christian beliefs before the rights of others destroy the rights of us all. Wake up America and stop passing the buck!! Christianity is everyone's responsibility because Christ made freedom possible and America great.
