

MEDITATIONS ON LIFE

© C. S. Craig 1999

I hold two conflicting thoughts regarding the Lake of Fire – it seems too harsh, yet insufficient.

Jesus Christ is the Crowned Jewel of humanity – the Crowning Glory of God.

The Bible is the foundation on which our country was built; the Rock upon which Christ has built His church; the edification on which we must build the future.

Defining human nature by one three letter word is not difficult. Choosing between *sin* and *ego* is the tuff one.

It is very interesting that the Holy Spirit, through Moses wrote the plural name for God more than five hundred times in the first five Books of the Old Testament. The Trinity of God is unquestionably exhaled by God throughout Scripture.

The secular world is increasingly declaring its own individual code of conduct, denying absolute truth. Removing God from the public domain and abandoning spiritual heritage is a disgrace as well as a slap in the Face of God. This attitude of self arrogance replaces God on the Throne with the Throne of God the Self (2 Timothy 3:1-5). Truly we live in the last days.

Jesus Christ himself proclaimed that every letter, every word of Original Scripture would outlast the world until heaven and earth pass away. Therefore, the secular world can never abolish Truth. They can only self-destruct.

Prophecies not only predict the future they prove history.

The primary purpose of the Bible is to reveal Jesus Christ to a lost and dying world.

Forty-four men over sixteen centuries wrote the Inspired Holy Scriptures. The Old Testament records history from Creation to the future of history. The New Testament records the fulfillment of history in time and the future in eternity. Only a Divine author could know and write with perfect accuracy the events from eternity past to eternity future.

The fact that God has not yet put a stop to the arrogance of man and the suffering of this world is evidence of the importance of every man's soul. Christ died for all so all could be saved from God's wrath. The Salvation of mankind is so important to God that he gave His Son. Therefore, arrogance must be punished in the Lake of Fire. God has blessed America!
